So even more than saying that I feel more at home alone,
I want to be myself

Her secret
I want to be the prettiest girl in front of the person I lov
For example, during a date, I always wear the clothes that suit my lover's tastes. Since, in the end, I want the person to think "You're always pretty" or "She's cute". I want to be the prettiest girl in front of the person I love. I'm always thinking that. Not just on the outside, but on the inside too. I want to be the kind of woman who is gracious and has compassion at all times. But my love is... So it seems I have a long way to go... (laughs) Oh, I do. I have to be the best "me" when I sing in the studio. (laughs)
When you're in love, do you change your fashion to match?
Nude and natural is the main point!
